

■ Swasia's Uchana Town Pilot Project

Town Captain: Bulli Mama Ji

Remote Coordinator: You (Canada)

Focus: Waste management, community greening, and environmental awareness

■ First 3-Month Plan

Month 1 – Awareness & Habits

- Teach families to separate wet and dry waste.
- Place 2 baskets in each home (wet/dry).
- Community pledge: “No burning of plastic.”
- Bulli Mama Ji organizes a Town Launch Meeting.

Month 2 – Composting & Recycling

- Build 1 compost pit per neighborhood.
- Encourage families to use pits for wet waste.
- Collect dry waste for recycling.

Month 3 – Beautification & Trees

- Plant shade and fruit trees near homes, schools, temples, and public spaces.
- Families responsible for watering their trees.
- Organize a “Clean Street Sunday” once a month.

■ What We Track

- Number of families separating waste
- Compost pits built
- Trees planted
- Streets and public spaces cleaned

■ Your Habits (Canada)

- Weekly teaching note to Bulli Mama Ji (poster/video/voice message)
- Weekly check-in call
- Monthly photos & updates shared online

■ Bulli Mama Ji's Habits (Uchana)

- Monday: Check families using baskets properly
- Thursday: Inspect compost pits
- Friday: Engage school children with ideas for cleaner town
- Sunday: Lead Clean Street activity or tree watering
- Monthly: Host community meeting to share Swasia's progress

Uchana becomes a visible model for Swasia, with the office and Triveni plants as a living demonstration of our mission.
